members of the Town Council, town staff, and GZA personnel, it is clear that decisions regarding the future of the landfill site will be driven by scientific fact and proven environmental engineering methods.

Further, professionals educated in their specific disciplines at

both the DEM and the Department of Health are dedicated to responsibly protecting our human and environmental health. In the coming weeks, important strategic and budgetary choices will be made to close-out an inactive landfill and to consider the siting of the highway barn.

Regardless of the outcome, I am confident that the decisions will be reached after careful and comprehensive review of all relevant information.
