

The *Jamestown* REAL ESTATE SHOWCASE

Wind energy topic of new town committee

There are several vacancies on the newly created Wind Energy Committee with two-year terms

This committee will review and evaluate the use of wind turbines as an alternative renewable energy source for local power generation.

The committee also will study the potential application of wind energy technology to meet municipal demands exclusively or to broadly serve the residential and commercial power needs on the island. The study will examine di-

rect and indirect costs and benefits and aesthetic and neighborhood impacts. Following completion of this assessment, the committee will issue a report and recommendations to the Town Council.

With approval of the Town Council, the committee may seek federal and state grants or private funding to support the study and analysis of wind turbines on Jamestown.

Applicants must be registered voters in Jamestown to qualify

for appointment. Anyone who wants to serve on this committee should submit an application and letter of background and interest by Dec. 18 to the Town Clerk, 93 Narragansett Ave., Jamestown, RI 02835.

Applications can be found on the Internet at www.jamestownri.net, at the Jamestown library, 26 North Main Rd., and at the Town Clerk's Office located at 245 Conanicut Ave.

Help JEF with fund drive

The Jamestown Education Foundation needs financial support from the community to continue providing quality programs for island students.

The annual fund-raising drive is now underway, and everyone's help is needed. The foundation is well into its third year of supporting educational programs for Jamestown students. Hundreds of local children participate in fun and interesting camps and workshops, and no student is ever turned away due to financial need.

Support is needed as JEF continues to refine existing programs and sponsor new ones. The annual budget is small, yet the need for extra-curricular programming for students continues to grow. JEF volunteers and educators work tirelessly, collaborating with the Jamestown schools, the recreation department and other organizations to make learning innovative, relevant, and exciting for Jamestown students.

Anyone not already a member, should consider joining the foundation. Tax-deductible donations can be sent to JEF, 77 Narragansett Avenue, Jamestown, RI 02835. JEF appreciates everyone's support.
