Town meetings

Thursday, Feb. 1
7 p.m., Lawn school: the School Committee meets.

Tall ships lecture tonight

The Friends of the Jamestown Library will present Vice Admiral Thomas Weschler, co-chair of Amica Insurance Tall Ships Rhode Island 2007 tonight, Jan. 25, at 7:30 p.m. at the library.

Vice Admiral Weschler will discuss the upcoming festival where up to 30 tall ships are expected to fill Newport Harbor beginning June 27 and concluding with a grand Parade of Sail to sea on July 1, 2007.

Come learn about the exciting plans for this wonderful celebration.

A PowerPoint presentation showing many of the participating tall ships will accompany the talk. This event is free and open to the public. Refreshments will be served.

For more information, call Susan Lutes at 423-7435.

Library film series continues

The second offering in the library's foreign film series will be the French film "Le Diner de Cons" on Thursday, Feb. 1, at 7 p.m.

Janet Maslin of the New York Times wrote: "Francis Veber's giddy, lightweight odd-couple comedies are guilty pleasures. Enough French moviegoers know that to have made "The Dinner Game" the second-biggest hit in France last year, after "Titanic." . . . It seems that a smug, wealthy publisher named Pierre Brochant, played by Thierry L'hermitte as the apotheosis of aging yuppie-dom, regularly joins a group of his friends in a contest to see who can bring the biggest fool to dinner. "The Dinner Game," Mr. Veber's brightest comedy in a long while, plays off that nasty joke."

Not rated, the movie's running time is 82 minutes.

All films are free and open to the public. Refreshments will be served.

Book Fair

Jamestown Schools will be holding a book fair Wednesday, Jan. 31 to Friday, Feb. 2. There will be evening shopping hours at Melrose School on Feb. 2 from 6:30 to 8:30 p.m. There will be books for all ages, including best-sellers for adults.

Weather History

Jan. 25, 1837 - At 7 p.m., a display of the northern lights danced above Burlington, Vt. Its light was equal to the full moon. Snow and other objects reflecting the light were deeply tinged with a blood red hue. Blue, yellow and white streamers were also noted.

Jan. 26, 1983 - The California coast was battered by a storm that produced record high tides, 32-foot waves and mudslides causing millions of dollars in damage. The storm then moved east and dumped four feet of snow on Lake Tahoe.
