

Reason for optimism

As we near our goal, our thanks to the many Jamestowners who have contributed generously to permanently protecting a signature part of the island's past, present, and future. Despite many changes in our island, the sense of community remains strong.

We are pleased to announce that the federal government has contributed an additional \$650,000 toward preserving our farms. While this is a very positive development, we still need to raise about \$750,000 in the next 24 days – a daunting task, but one that we can accomplish.

We need your help. Please send your tax-deductible contributions to the Conanicut Island Land Trust, Save the Farms Campaign, PO Box 106, Jamestown, RI 02835.
