**Curbing**

Tiexiera said people drive much faster than that.

Because the school year just ended, he said he did not think speed on Watson Avenue would be a concern for the next few months.

Town Administrator Bruce Keiser said that by the time the next school year starts, the town should have curbing in place, which will give the students a surface to walk on and help keep them safe from fast-moving cars.

"With the new sidewalks that are going in, there will be a formal concrete barrier that will define the walkway more permanently," Keiser said.

The sidewalks were funded by a \$250,000 grant received by the Safe Routes to School committee, a locally established special-interest group formed two summers ago. He said the larger issue of parking on Watson Avenue, which

comes up occasionally because of the bakery and other vendors, will be discussed at the July 6 Town Council meeting.

"I think it has always been the belief that the street is too narrow to permit parking on both sides," Keiser said. The SRS committee wants parking on the south side, where students do not typically walk. Keiser said the sidewalks the town is planning to build will allow students to walk safely to school.

However, the Town Council will discuss both the plan of the SRS committee and parking on the north side. The north side parking would shield students and is preferred by the commercial vendors, who want their customers to be able to park as close to the businesses as possible. "There are pros and cons to each of the proposals," Keiser said.

The meeting to discuss parking on Watson Avenue will be held on Monday, July 6, at 7 p.m. in Town Hall.

**Yacht clubs need volunteers for championships**

The Conanicut and Jamestown Yacht Clubs will co-host the Club 420 Association National Championships on July 27, 28 and 29 in West Passage. Fort Getty is featured as the venue for this event, with boats arriving on Sunday, July 26, and departing Wednesday, July 29.

The 420 is the predominant two-person boat of the high school and collegiate racing circuits.

"There could be as many as 150 to 180 boats registered by the first gun," according to Nancy Lush, co-chair for the event. "Each boat has a crew of two, and, counting

coaches, family members and spectators, there could be as many as 600 to 1,000 people on the island for the three-day event."

Samira Hakki, the JYC co-chair said, "Everyone that we've talked to on the island has responded with great enthusiasm. The town and especially the Recreation Department are working very hard with us to prepare Fort Getty for the event."

Volunteers are still needed at Fort Getty and on the water. Some of the positions still open include mark pullers, registration personnel, dock hands, and ambassadors at Fort Getty to help with breakfasts, lunches, launch ramp and parking management.
